Good Morning . . . I am waiting for Henry to call me back about a day to meet this week and discuss current thoughts on a "Leaching Pond". He should be getting back with me later this morning. I did speak with Ron Graeber about the "Leaching Pond" and we both agreed that it is similar to a RIB, and ground water would need to investigate this possibility and the design of said pond. Do you have any time this week to meet with the folks from Allen's Harim?
